

BELT TYING & PATCH PLACEMENT

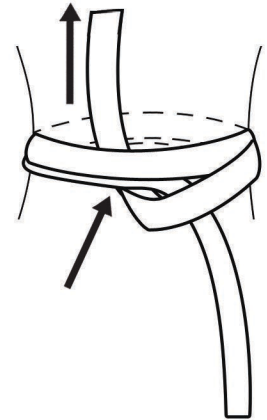

1) Loop around twice

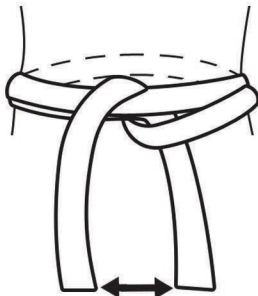

2) Should look like this, top end over bottom end to form the letter "x"

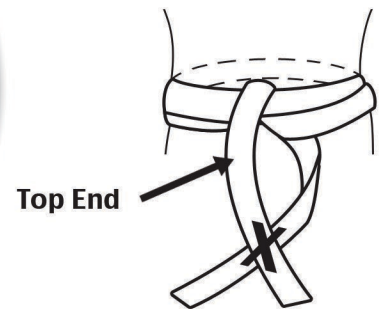

3) Top end loops underneath both layers

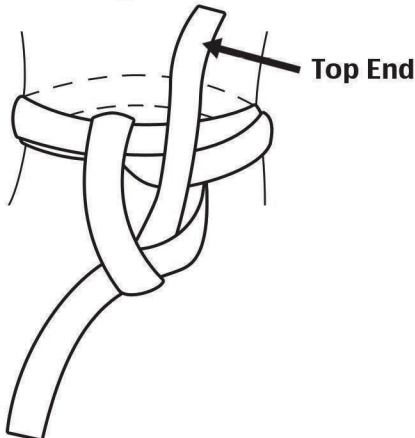

4) Should end up looking like this. Try to even out the ends.

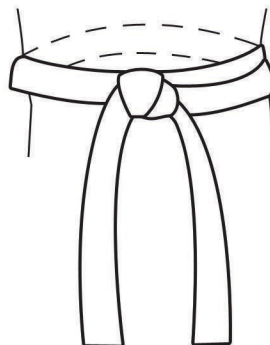

5) Top end crosses over the bottom to form an "x"

6) Take top end up through hole.

7) Pull both ends out and let hang down
